API design knowledge

PHP development

Agile Workflow

Laravel

I'm a software developer with 4 years of experience, I've done work for agencies, artists, companies, and collaborated with talented people to create digital products for both business and consumer use. I'm quietly confident, naturally curious, well-organized and customer-focused with proven skills in project management and team leadership.

## Work History

2019-10 -

Current

### Support Engineer

*Softtek, Guadalajara, Jalisco*

Front end Developer and SharePoint Support Member

- I worked on the design and development of a SharePoint application that helps all the users worldwide to classify and add security validations to files on the SharePoint platform using modern web technologies like ReactJS(SPFX) and serverless functions with azure.
